

INFORMATION CIRCULAR

FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS TO BE HELD ON SEPTEMBER 24, 2020

This information is given as of August 18, 2020 unless otherwise noted.

PERSONS MAKING THE SOLICITATION

This Information Circular is furnished in connection with the solicitation of proxies by the management of PRECIPITATE GOLD CORP. (the "Company") for use at the Annual General Meeting (the "Meeting") of the shareholders of the Company, to be held on **Thursday, September 24, 2020**, at the time and location and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof.

Except as noted below, the Company has distributed or made available for distribution, copies of the Notice, the Information Circular and form of proxy or voting instruction form ("VIF") (if applicable) (the "Meeting Materials") to clearing agencies, securities dealers, banks and trust companies or their nominees (collectively, the "Intermediaries") for distribution to Beneficial Shareholders (as defined below) whose common shares are held by or in custody of such Intermediaries. Such Intermediaries are required to forward such documents to Beneficial Shareholders unless a Beneficial Shareholder has waived the right to receive them. The Company is sending proxy-related materials directly to NOBOs (as defined below), through the services of its transfer agent and registrar, Computershare Investor Services Inc. The solicitation of proxies from Beneficial Shareholders will be carried out by the Intermediaries or by the Company if the names and addresses of the Beneficial Shareholders are provided by Intermediaries. The Company will pay the permitted fees and costs of Intermediaries incurred in connection with the distribution of the Meeting Materials. The Company is not relying on the notice-and-access provisions of securities laws for delivery of the Meeting Materials to registered shareholders or Beneficial Shareholders.

APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the enclosed form of proxy are directors and/or officers of the Company. **A shareholder has the right to appoint a person (who need not be a shareholder) to attend and act for such shareholder and on his, her or its behalf at the Meeting other than the persons designated in the enclosed form of proxy.** Such right may be exercised by inserting in the blank space provided for that purpose the name of the desired person or by completing another proper form of proxy and, in either case, delivering the completed and executed proxy to the Company's transfer agent and registrar, TSX Trust Company, Proxy Department, 100 Adelaide Street West, Suite 301, Toronto, ON M5H 4H1, or by fax at 416-595-9593, not later than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) before the time fixed for the Meeting or any adjournment thereof, or delivering it to the chairman of the Meeting on the day of the Meeting or any adjournment thereof prior to the time of voting. A proxy must be executed by the registered shareholder or his, her or its attorney duly authorized in writing or, if the shareholder is a corporation, by an officer or attorney thereof duly authorized.

Proxies given by shareholders for use at the Meeting may be revoked prior to their use:

- (a) by depositing an instrument in writing executed by the shareholder or by such shareholder's attorney duly authorized in writing or, if the shareholder is a corporation, by an officer or attorney thereof duly authorized indicating the capacity under which such officer or attorney is signing:

- (i) at the registered office, Suite 2900 – 595 Burrard Street, Vancouver, BC, V7X 1J5, at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof; or
 - (ii) with the chairman of the Meeting on the day of the Meeting or any adjournment thereof; or
- (b) in any other manner permitted by law.

EXERCISE OF DISCRETION BY PROXIES

The persons named in the accompanying form of proxy will vote the common shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. The common shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for and, if the shareholder specifies a choice with respect to any matter to be acted on, the common shares will be voted accordingly. **In the absence of such direction, where the management nominees are appointed as proxyholder, such common shares will be voted in favour of the passing of the matters set out in the Notice. The form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to other matters which may properly come before the Meeting or any adjournment thereof.** At the time of the printing of this Information Circular, the management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice. **However, if any other matters which at present are not known to the management of the Company should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.**

ADVICE TO BENEFICIAL SHAREHOLDERS

Shareholders should note that only proxies deposited by shareholders whose names appear on the records of the Company as the registered holders of common shares, or non-objecting beneficial owners (“NOBOs”) whose names has been provided to the Company’s registrar and transfer agent, can be recognized and acted upon at the Meeting. The information set forth in this section is therefore of significant importance to a substantial number of shareholders who do not hold their common shares in their own name (referred to in this section as “Beneficial Shareholders”). If common shares are listed in an account statement provided to a shareholder by an Intermediary, then in almost all cases those common shares will not be registered in such shareholder’s name on the records of the Company. Such common shares will more likely be registered under the name of the shareholder’s Intermediary or an agent of that Intermediary. In Canada, the vast majority of such common shares are registered under the name of CDS & Co., as nominee for CDS Clearing and Depository Services Inc., which acts as a depository for many Canadian Intermediaries. Common shares held by Intermediaries or their nominees can only be voted for or against resolutions upon the instructions of the Beneficial Shareholder. Without specific instructions, Intermediaries are prohibited from voting common shares for their clients.

Applicable regulatory policy requires Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders’ meetings. Every Intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their common shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its Intermediary is identical to the form of proxy provided by the Company to the Intermediaries. However, its purpose is limited to instructing the Intermediary how to vote on behalf of the Beneficial Shareholder. The majority of Intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“Broadridge”). Broadridge typically mails the VIFs or proxy forms to the Beneficial Shareholders and asks the Beneficial Shareholders to return the VIFs or proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of common shares to be represented at the Meeting. A Beneficial Shareholder receiving a proxy or VIF from Broadridge cannot use that proxy to vote common shares directly at the Meeting - the proxy must be returned to Broadridge well in advance of the Meeting in order to have the common shares voted.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of their Intermediary, a Beneficial Shareholder may attend the Meeting as proxyholder for the Intermediary and vote their common shares in that capacity.

Should a NOBO wish to attend and vote at the Meeting in person, the NOBO must insert his or her name (or the name of the person that the NOBO wants to attend and vote on the NOBO's behalf) in the space provided on the VIF and return it to the Company or its transfer agent. If the Company receives a written request that the NOBO or its nominee be appointed as proxyholder, if management is holding a proxy with respect to common shares beneficially owned by such NOBO, the Company will arrange, without expense to the NOBO, to appoint the NOBO or its nominee as proxyholder in respect of those common shares. Under NI 54-101, unless corporate law does not allow it, if the NOBO or its nominee is appointed as proxyholder by the Company in this manner, the NOBO or its nominee, as applicable, must be given the authority to attend, vote and otherwise act for and on behalf of management in respect of all matters that come before the meeting and any adjournment or postponement of the meeting. If the Company receives such instructions at least one business day before the deadline for submission of proxies, it is required to deposit the proxy within that deadline, in order to appoint the NOBO or its nominee as proxyholder. **If a NOBO requests that the NOBO or its nominee be appointed as proxyholder, the NOBO or its appointed nominee, as applicable, will need to attend the meeting in person in order for the NOBOs vote to be counted.**

NOBOs that wish to change their vote must in sufficient time in advance of the Meeting contact their Intermediary to arrange to change their vote. NOBOs should carefully follow the instructions of their Intermediaries, including those regarding when and where to complete the VIF's that are to be returned to their Intermediaries.

Should an objecting beneficial owner (an "OBO") wish to attend and vote at the Meeting in person, the OBO should insert his or her name (or the name of the person the OBO wants to attend and vote on the OBO's behalf) in the space provided for that purpose on the request for voting instructions form and return it to the OBO's Intermediary or send the Intermediary another written request that the OBO or its nominee be appointed as proxyholder. The Intermediary is required under NI 54-101 to arrange, without expense to the OBO, to appoint the OBO or its nominee as proxyholder in respect of the OBO's common shares. Under NI 54-101, unless corporate law does not allow it, if the Intermediary makes an appointment in this manner, the OBO or its nominee, as applicable, must be given authority to attend, vote and otherwise act for and on behalf of the Intermediary (who is the registered shareholder) in respect of all matters that come before the meeting and any adjournment or postponement of the meeting. An Intermediary who receives such instructions at least one business day before the deadline for submission of proxies is required to deposit the proxy within that deadline, in order to appoint the OBO or its nominee as proxyholder. **If an OBO requests that an Intermediary appoint the OBO or its nominee as proxyholder, the OBO or its appointed nominee, as applicable, will need to attend the meeting in person in order for the OBOs vote to be counted.**

OBOs should carefully follow the instructions of their Intermediary, including those regarding when and where the completed request for voting instructions is to be delivered. Only registered shareholders have the right to revoke a proxy. OBOs who wish to change their vote must in sufficient time in advance of the Meeting, arrange for their respective intermediaries to change their vote and if necessary revoke their proxy in accordance with the revocation procedures set out above.

Shareholders with questions respecting the voting of shares held through an Intermediary should contact that Intermediary for assistance.

All references to shareholders in this Information Circular and the accompanying form of proxy and Notice are to shareholders of record unless specifically stated otherwise.

NOTE TO NON-OBJECTING BENEFICIAL OWNERS

The Meeting Materials are being sent to both registered and NOBOs. If you are a NOBO, and the Company or its agent has sent the Meeting Materials directly to you, your name and address and information about your holdings of common shares, have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send the Meeting Materials to you directly, the Company (and not the Intermediary holding on your behalf) has assumed responsibility for (i) delivering the Meeting Materials to

you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of the Company consists of an unlimited number of common shares without par value. As at August 18, 2020, 106,241,031 common shares were issued and outstanding.

Each holder of common shares named on the list will be entitled to vote the common shares shown opposite his, her or its name on the list at the Meeting.

To the knowledge of the directors and senior officers of the Company, no person or company beneficially owns, directly or indirectly or exercises control or direction over, shares carrying more than 10% of the voting rights attached to all outstanding common shares of the Company, save and except for (i) Barrick Gold Corporation which holds 12,713,636 common shares representing 11.97% of the Company’s outstanding common shares as of the Record Date, and (ii) Strategic Metals Ltd. which holds 20,752,827 common shares representing 19.53% of the Company’s outstanding common shares as of the Record Date.

VOTES NECESSARY TO PASS RESOLUTIONS

Under the Company’s Articles, the quorum for the transaction of business at a meeting of shareholders is one person who is, or who represents by proxy, one or more shareholders who, in the aggregate, hold at least 5% of the issued common shares entitled to be voted at the Meeting. A simple majority of the votes of those shareholders who are present and vote either in person or by proxy at the Meeting is required in order to pass an ordinary resolution. A majority of two-thirds of the votes of those shareholders who are present and vote either in person or by proxy at the Meeting is required to pass a special resolution. There are no special resolutions proposed at this Meeting.

Other than as disclosed elsewhere in this Information Circular, none of the current directors or executive officers, no proposed nominee for election as a director, none of the persons who have been directors or executive officers since the commencement of the last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, save and except for those matters pertaining to the election of directors and the Company’s stock option plan.

Oversight and Description of Director and Named Executive Officer Compensation

Executive compensation is based upon the need to provide a compensation package that will allow the Company to attract and retain qualified and experienced executives, balanced with a pay-for-performance philosophy. The board of directors of the Company (the “Board”) has established a Compensation Committee, and has adopted a written charter for the Compensation Committee. Adrian W. Fleming, Lon Shaver and Alistair Waddell were members of the Compensation Committee during the year ended November 30, 2019.

There is no written position description for the Chair of the Compensation Committee. However, as a general statement, the Chair is responsible for setting the tone for the work of the Compensation Committee, ensuring that members have the information needed to do their jobs, overseeing the logistics of the Compensation Committee’s operations, reporting to the Board on the committee’s decisions and recommendations and setting the agenda for the meetings of the Compensation Committee.

The Compensation Committee is responsible for assisting the Board in monitoring, reviewing and approving compensation policies and practices of the Company and its subsidiaries and administering the Company’s stock option plan (the “Stock Option Plan”). With regard to the CEO, the Compensation Committee is responsible for reviewing and approving corporate goals and objectives relevant to the CEO’s compensation, evaluating the CEO’s performance in light of those goals and objectives and making recommendations to the Board with respect to the CEO’s compensation level based on this evaluation. In consultation with the CEO, the Compensation Committee makes recommendations to the Board on the framework of executive remuneration and its cost and on specific remuneration packages for each of the directors and officers other than the CEO, including recommendations regarding awards under equity compensation plans. The Compensation Committee’s decisions are typically reflected in consent resolutions.

All members of the Compensation Committee have direct experience which is relevant to their responsibilities as Compensation Committee members. All members are or have held senior executive roles within public companies, and therefore have a good understanding of compensation programs. They also have good financial understanding which allows them to assess the costs versus benefits of compensation plans. The members combined experience in the resource sector provides them with the understanding of the Company’s success factors and risks, which is very important when determining metrics for measuring success.

The Compensation Committee has the authority to engage and compensate, at the expense of the Company, any outside advisor that it determines to be necessary to permit it to carry out its duties (including compensation consultants and advisers), but it did not retain any such outside consultants or advisers during the financial year ended November 30, 2019.

Director Compensation

The Company recognizes the contribution that its directors make to the Company and seeks to compensate them accordingly. The Compensation Committee is responsible for making recommendations as to director compensation for the Board’s consideration and ultimate approval.\

Each director is entitled to participate in any security-based compensation arrangement or other plan adopted by the Company from time to time with the approval of the Board. The directors are reimbursed for expenses incurred on the Company's behalf.

See "Table of Compensation excluding Compensation Securities" below for details of the payments made to the directors and Name Executive Officers for the financial year ended November 30, 2019.

The Company must also, pursuant to the provisions of National Instrument 52-110 *Audit Committees* ("NI 52-110"), have a written charter, which sets out the duties and responsibilities of its audit committee. In providing the following disclosure, the Company is relying on the exemption provided under NI 52-110, which allows for the short form disclosure of the audit committee procedures of venture issuers.

Audit Committee's Charter

Mandate

The primary function of the audit committee (the "Audit Committee") is to assist the Board in fulfilling its financial oversight responsibilities by reviewing the financial reports and other financial information provided by the Company to regulatory authorities and shareholders, the Company's systems of internal controls regarding finance and accounting, and the Company's auditing, accounting and financial reporting processes. Consistent with this function, the Audit Committee will encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures and practices at all levels. The Audit Committee's primary duties and responsibilities are to:

- serve as an independent and objective party to monitor the Company's financial reporting and internal control systems and review the Company's financial statements;
- review and appraise the performance of the Company's external auditors; and
- provide an open avenue of communication among the Company's auditors, financial and senior management and the Board.

Composition

The Audit Committee is to be comprised of such number of directors as determined by the Board, the majority of whom must be free from any relationship that, in the opinion of the Board, would reasonably interfere with the exercise of his or her independent judgment as a member of the Audit Committee. At least one member of the Audit Committee should have accounting or related financial management expertise. All members of the Audit Committee that are not financially literate must work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Audit Committee's Charter, the definition of "financially literate" is the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company's financial statements. The members of the Audit Committee shall be elected by the Board at its first meeting following the annual shareholders' meeting.

Meetings

The Audit Committee shall meet at least four times annually, or more frequently as circumstances dictate. As part of its job to foster open communication, the Audit Committee will meet at least annually with the Chief Financial Officer and the external auditors in separate sessions.

Responsibilities and Duties

To fulfill its responsibilities and duties, the Audit Committee shall:

Documents/Reports Review

- (a) Review and update this Charter annually.
- (b) Review the Company's financial statements, MD&A and any annual and interim earnings, press releases before the Company publicly discloses this information and any reports or other financial information (including quarterly financial statements), which are submitted to any governmental body, or to the public, including any certification, report, opinion, or review rendered by the external auditors.
- (c) Confirm that adequate procedures are in place for the review of the Company's public disclosure of financial information extracted or derived from the Company's financial statements.

External Auditors

- (a) Review annually, the performance of the external auditors who shall be ultimately accountable to the Board and the Audit Committee as representatives of the shareholders of the Company.
- (b) Obtain annually, a formal written statement of the external auditors setting forth all relationships between the external auditors and the Company, consistent with the Independence Standards Board Standard 1.
- (c) Review and discuss with the external auditors any disclosed relationships or services that may impact the objectivity and independence of the external auditors.
- (d) Take, or recommend that the full Board take appropriate action to oversee the independence of the external auditors.
- (e) Recommend to the Board the selection and compensation and, where applicable, the replacement of the external auditors nominated annually for shareholder approval.
- (f) At each yearly audit meeting, consult with the external auditors, without the presence of management, about the quality of the Company's accounting principles, internal controls and the completeness and accuracy of the Company's financial statements.
- (g) Review and approve the Company's hiring policies regarding partners, employees and former partners and employees of the present and former external auditors of the Company.
- (h) Review with management and the external auditors the audit plan for the year-end financial statements and intended template for such statements.

Relevant Education and Experience

All of the Audit Committee members are businessmen with experience in financial matters, each has an understanding of accounting principles used to prepare financial statements and varied experience as to general application of such accounting principles, internal controls and procedures necessary for financial reporting, which has been garnered from working in their individual fields of endeavor.

In addition to each member's general business experience, the education and experience of each Audit Committee member that is relevant to the performance of his responsibilities as an Audit Committee member is as follows:

Lon Shaver (Chair)

Mr. Shaver has over 25 years of capital markets and corporate finance experience, mostly focused on the Canadian mining sector. Mr. Shaver currently serves as Vice-President of Silvercorp Metals Inc., a company listed on the Toronto Stock Exchange and the NYSE. His additional corporate experience includes CFO roles with a publicly-listed mining company and a private technology company. Mr. Shaver has also served on the boards of several public companies. He has a B.Comm. degree, with a major in finance, and is a CFA charterholder.

Adrian W. Fleming

Mr. Fleming has been a director or officer of a number of public companies in the natural resource sector and as a director has been responsible for approving financial statements. Through his work as a director and senior officer of public companies, Mr. Fleming has gained an understanding of financial reporting requirements respecting financial statements of junior resource exploration companies sufficient to enable him to discharge his duties as an Audit Committee member.

Jeffrey R. Wilson

Mr. Wilson has over 20 years of experience in the mineral exploration and mining investment industry. Mr. Wilson currently serves as CEO, director and member of the audit committee of Osprey Gold Development Ltd. and, in such roles, has had experience with the review and understanding of the accounting principles relevant to public natural resource companies and interpreting and assessing the financial statements of public natural resource companies.

Audit Committee Oversight

At no time since the commencement of the Company's most recent completed financial year was a recommendation of the Audit Committee to nominate or compensate an external auditor not adopted by the Board.

Reliance on Certain Exemptions

At no time since the commencement of the Company's most recently completed financial year has the Company relied on the exemption in Section 2.4 of NI 52-110 (*De Minimis Non-audit Services*), or an exemption from NI 52-110, in whole or in part, granted under Part 8 of NI 52-110.

Pre-Approval Policies and Procedures

The Audit Committee has adopted specific policies and procedures for the engagement of non-audit services as described above under the heading "External Auditors".

External Auditor Service Fees (By Category)

The aggregate fees billed by the Company's external auditors in each of the last two fiscal years for audit fees are as follows:

Financial Year Ending	Audit Fees	Audit Related Fees ¹	Tax Fees ²	All Other Fees ³
2019	\$20,244	nil	\$2,750	nil
2018	\$25,500	nil	\$2,650	nil

1. Fees charged for assurance and related services reasonably related to the performance of an audit, and not included under "Audit Fees".
2. Fees charged for tax compliance, tax advice and tax planning services.
3. Fees for services other than disclosed in any other column.

CORPORATE GOVERNANCE

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. These guidelines are not intended to be prescriptive but to be used by issuers in developing their own corporate governance practices. The Board is committed to sound corporate governance practices, which are both in the interest of its shareholders and contribute to effective and efficient decision making.

Pursuant to National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") the Company is required to disclose its corporate governance practices, as summarized below. The Board will continue to monitor such practices on an ongoing basis and when necessary implement such additional practices as it deems appropriate.

Board of Directors

The Board is currently composed of five directors, Messrs. Jeffrey Wilson, Adrian Fleming, Quinton Hennigh, Lon Shaver and Alistair Waddell. All of the proposed nominees are current directors of the Company.

NI 58-101 suggests that the board of directors of a public company should be constituted with a majority of individuals who qualify as "independent" directors. An "independent" director is a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to materially interfere with the director's ability to act with a view to the best interests of the Company, other than interests and relationships arising from shareholding. In addition, where a company has a significant shareholder, NP 58-101 suggests that the board of directors should include a number of directors who do not have interests in either the company or the significant shareholder. Of the proposed nominees of the Company, Adrian Fleming, Quinton Hennigh, Lon Shaver and Alistair Waddell are considered by the Board to be "independent" within the meaning of NI 58-101, and Jeffrey Wilson (CEO) is considered to be "non-independent".

The independent directors exercise their responsibility for independent oversight of management.

Board consideration and approval is required for all material contracts, business transactions and all debt and equity financing proposals. The Board delegates to management, through the CEO, responsibility for meeting defined corporate objectives, evaluating new business opportunities and complying with applicable regulatory requirements. The Board also looks to management to furnish recommendations respecting corporate objectives.

The directors believe that, at this early stage of the Company's development, the current composition of the Board adequately facilitates its exercise of independent supervision over management. The Board anticipates that as the Company matures as a business enterprise, it will identify additional qualified candidates that have experience relevant to the Company's needs, who are independent of management applying the guidelines contained in applicable legislation.

Each member of the Board understands that he is entitled, at the cost of the Company, to seek the advice of an independent expert if he reasonably considers it warranted under the circumstances. No director found it necessary to do so during the financial year ended November 30, 2019.

Orientation and Continuing Education

New directors are briefed on the Company's current property holdings, ongoing exploration programs, overall strategic plans, short, medium and long term corporate objectives, financials status, general business risks and mitigation strategies, and existing company policies. There is no formal orientation for new members of the Board. This is considered to be appropriate, given the Company's size and current level of operations, the ongoing interaction amongst the directors and the low director turn-over. However, if the growth of the Company's operations warrants it, it is possible that a formal orientation process would be implemented.

The skills and knowledge of the Board as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies, particularly in the natural resource sector. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. The directors are advised that, if a director believes that it would be appropriate to attend any continuing education event for corporate directors, the Company will pay for the cost thereof. Board members have full access to the Company's records. Reference is made to the table under the heading "Election of Directors" for a description of the current principal occupations of the members of the Board.

Ethical Business Conduct

The Board has not adopted a written Code of Ethical Conduct for its directors, officers and employees at this time. The Board monitors the ethical conduct of the Company and ensures that it complies with applicable legal and regulatory requirements, such as those of relevant securities commissions and stock exchanges. The Board has found that the fiduciary duties placed on individual directors by governing corporate legislation and the common law, as well as the restrictions placed by applicable corporate legislation on the individual director's participation in

decisions of the Board in which the director has an interest, have been sufficient to ensure that the Board operates in the best interests of the Company and its shareholders.

In addition, as some of the directors of the Company also serve as directors and officers of other companies engaged in similar business activities, the Board must comply with the conflict of interest provisions of the British Columbia *Business Corporations Act*, as well as the relevant securities regulatory instruments, in order to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Any interested director would be required to declare the nature and extent of his interest and would not be entitled to vote at meetings of directors which evoke any such conflict.

Nomination of Directors

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members. The Board is continually in contact with individuals involved in the mineral exploration industry and public sector resource issuers. From these sources the Company has made numerous contacts and in the event that the Company were in a position to nominate any new directors, such individuals would be brought to the attention of the Board. The Company conducts the due diligence, reference and background checks on any suitable candidate. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required and a willingness to serve.

Compensation

The Board has formed a Compensation Committee to monitor and review the salary and benefits of its executive officers, and the Company's general compensation structure, policies and programs in consideration of industry standards and the Company's financial situation. The Compensation Committee is comprised of Adrian Fleming (Chair), Lon Shaver and Alistair Waddell. The Compensation Committee will also be responsible for determining the compensation of the directors.

Other Board Committees

At present, the Company has an Audit Committee and a Compensation Committee. The Company has no present intention of creating any other committees, but may do so in the future should its Board of Directors become larger. All Board decisions are made by full board of director meetings or consent resolutions.

Assessments

Neither the Company nor the Board has determined formal means or methods to regularly assess the Board, its committees or the individual directors with respect to their effectiveness and contributions. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of an individual director is informally monitored by the other Board members, having in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

MANAGEMENT CONTRACTS

Management functions of the Company are generally performed by directors and senior officers of the Company and not, to any substantial degree, by any other person to whom the Company has contracted.

PARTICULARS OF MATTERS TO BE ACTED UPON

A. Financial Statements

The audited financial statements of the Company for the year ended November 30, 2019, report of the auditor and related management discussion and analysis (together, the “financial statements”) will be placed before the Meeting. B. Election of Directors

There will therefore be five directors to be elected at the Meeting for the ensuing year.

No proposed director is, as at the date of this Information Circular, or has been within 10 years before the date of this Information Circular, a director, chief executive officer or chief financial officer of any company (including the Company) that:

For the purposes hereof, the term "order" means:

- (a) a cease trade order;
- (b) an order similar to a cease trade order; or
- (c) an order that denied the relevant company access to any exemption under securities legislation,

that was in effect for a period of more than 30 consecutive days.

C. Appointment of Auditor

Management proposes to nominate Davidson & Company LLP, Chartered Professional Accountants, as the Company's auditors for the ensuing year. Davidson & Company LLP was first appointed auditor of the Company on November 28, 2013. Accordingly, unless such authority is withheld, the persons named in the accompanying proxy intend to vote for the re-appointment of Davidson & Company LLP as auditors of the Company for the financial year ending November 30, 2020 and to authorize the directors to fix the auditors' remuneration.

D. Annual Approval of Stock Option Plan

Background

Pursuant to Policy 4.4 of the TSXV, all TSXV listed companies are required to adopt a stock option plan prior to granting incentive stock options. Accordingly, the Company adopted, and has had in place since 2011, a "rolling" stock option plan reserving, for the issuance pursuant to incentive stock options, that number of common shares as is equal to 10% of the issued common shares outstanding from time to time (calculated at the time of any particular grant). Shareholders most recently approved the Company's stock option plan (the "Stock Option Plan") at the AGM held July 17, 2019.

The TSXV requires listed companies who have "rolling" stock option plans in place to receive shareholder approval to such plan on a yearly basis at the Company's annual general meeting. Accordingly, the directors of the Company wish to ratify and approve the Stock Option Plan.

The Stock Option Plan has been established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The Stock Option Plan is administered by the Board and provides that options will be issued to directors, officers, employees or consultants of the Company or a subsidiary of the Company.

Material Terms of the Stock Option Plan

The Stock Option Plan provides that the terms of the options and the option price may be fixed by the Board subject to the price restrictions and other requirements of the TSXV. The Stock Option Plan also provides that no option may be granted to any person except upon the recommendation of the Board, and only directors, officers, employees, consultants and other key personnel of the Company or any subsidiary may receive options. Options

granted under the Stock Option Plan may not be exercisable for a period longer than ten years and the exercise price must be paid in full upon exercise of the option.

The Stock Option Plan is subject to the additional following restrictions:

- (a) the Company shall not grant options to any one person in any 12 month period which could, when exercised, result in the issuance of common shares exceeding 5% of the issued and outstanding common shares of the Company;
- (b) the Company shall not grant options to any one consultant in any 12 month period which could, when exercised, result in the issuance of common shares exceeding 2% of the issued and outstanding common shares of the Company;
- (c) the Company shall not grant options in any 12 month period, to persons employed or engaged by the Company to perform investor relations activities which could, when exercised, result in the issuance of common shares exceeding, in the aggregate, 2% of the issued and outstanding common shares of the Company;
- (d) if any option expires or otherwise terminates for any reason without having been exercised in full, the number of common shares in respect of which the option expired or terminated shall again be available for the purposes of the Stock Option Plan;
- (e) if an option holder dies, any vested option held by him or her at the date of death will become exercisable by the optionee's lawful personal representatives, heirs or executors until the earlier of one year after the date of death of such optionee and the date of expiration of the term otherwise applicable to such option;
- (f) if an option holder ceases to be a director, officer or employed by or provide services to the Company, other than by reason of death, the options granted will expire on the 90th day following the date the option holder ceases to be affiliated with the Company, subject to any regulatory requirements;
- (g) all options granted to consultants performing investor relations activities will vest in stages over at least 12 months with no more than one-quarter of the options vesting in any three month period; and
- (h) the Board reserves the right in its absolute discretion to amend, suspend, terminate or discontinue the Stock Option Plan with respect to all common shares under the Stock Option Plan in respect of options which have not yet been granted under the Stock Option Plan, subject to regulatory approval.

A four month hold period (commencing on the date the stock options are granted) is required for options granted to insiders of the Company or granted at any discount to the Market Price (as defined in TSXV Policy 1.1). Notice of options granted under the Stock Option Plan must be given to the TSXV at the end of each calendar month in which stock options are granted. Any amendments to the Stock Option Plan must also be approved by the TSXV and, if necessary, by the shareholders of the Company prior to becoming effective.

A copy of the Stock Option Plan may be inspected at the offices of Owen Bird Law Corporation, 29th Floor, 595 Burrard Street, Vancouver, British Columbia, until the business day immediately preceding the date of the Meeting.

Outstanding Options

As at the date of this Information Circular, the Company has options outstanding under the Stock Option Plan to purchase 7,605,000 common shares, representing 71.5% of the available options, and 7.15% of the issued common shares, as of the Record Date. Accordingly, 3,019,103 options remain available for grant under the Stock Option Plan.

Annual Shareholder Approval of the Stock Option Plan

Shareholders will be asked at the Meeting to consider and, if thought fit, pass an ordinary resolution in substantially the following form:

“RESOLVED, as an ordinary resolution, that the Company’s Stock Option Plan, as described in the Company’s Information Circular dated August 18, 2020, and the grant of options thereunder in accordance therewith, be approved.”

An ordinary resolution is a resolution passed by the Shareholders of the Company at a general meeting by a simple majority of the votes cast in person or by proxy.

Disinterested shareholder approval of the foregoing resolution is not required because the Stock Option Plan cannot result at any time in: (i) the number of common shares reserved for issuance under stock options granted to insiders exceeding 10% of the issued common shares; (ii) the grant to insiders, within a 12 month period, of a number of options exceeding 10% of the issued common shares; or (iii) the issuance to any one optionee, within a 12 month period, of a number of common shares exceeding 5% of the issued common shares.

The Board considers that the ability to grant incentive stock options is an important component of its compensation strategy and is necessary to enable the Company to attract and retain qualified directors, officers, employees and consultants. **The Board therefore recommends that Shareholders vote “For” the resolution re-approving the Company’s Stock Option Plan.** Unless otherwise instructed, the persons named in the enclosed form of Proxy will vote “IN FAVOUR” of the above resolution. If the Stock Option Plan is not re-approved by the Shareholders, existing options will not be affected, but new options granted by the Company will be required to be approved by the shareholders before they can be exercised by the holders thereof.

OTHER MATTERS

Management knows of no other matters to come before the Meeting other than those referred to in the Notice of Meeting. Should any other matters properly come before the Meeting, the shares represented by the Proxy solicited hereby will be voted on such matters in accordance with the best judgment of the persons voting by proxy.
